Docket No. 98N-02450 0 '99 JUN -2 P12 54
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: It is through my M.D. that I obtained
information from specialized compounding
pharmacies, and I am forever grateful for
their interest, knowledge & information that
is available to us, the customers. I am
especially grateful to see that I am taking
what is necessary for me & not what is
the g. norm for everyone. My compounded
medication has really helped me control
needs that I have. Please, do not
restrict the availability to me or any
other woman in the U.S.
